OF LONDON

UG Programs

in Economics, Finance, Management & Data Science

Think LSE ! Think ISBF ! Get Global Education

Indian School of Business & Finance was established in 2006 in the heart of Delhi with the vision of imparting world-class education in India, and today offers undergraduate programmes in Economics, Finance, Accounting & Business Management.

With academic direction from the London School of Economics & University of London, students at ISBF become a part of 54,000-strong International Student Community and study the same curriculum, and are evaluated to the same standards, as LSE students in London.

ISBF Partnerships

► University of London (UOL)

Established in 1836, the University of London is one of the largest universities in the world with 17 independent member institutions. Upon graduation, students are awarded their degree from the University of London at the annual convocation in London.

► London School of Economics

London School of Economics provides academic direction for the Economics, Management & Finance programmes at ISBF. Since students at ISBF study the curriculum taught at LSE, the final University of London degree awarded to an ISBF graduate also bears LSE's name.

Undergraduate Programmes

All UG Programmes at ISBF are 3 years, full-time, honours degrees. Being internationally recognised and valued, this education is a great stepping stone to postgraduate studies at globally reputed institutions.

The academic session begins with two weeks of orientation and Foundation Courses, which help students make a smooth transition to college life and LSE curriculum.

- BSc (Hons) Economics
- BSc (Hons) Economics & Finance
- BSc (Hons) Accounts & Finance
- Bsc (Hons) Economics & Management
- Bsc (Hons) Business & Management
- Bsc (Hons) Data Science & Business Analytics

Scholarships

AT ISBF, we believe that financial constraints should not pose any hindrance to someone's academic aspirations. Many of our students receive scholarships that are offered to deserving individuals who have shown exemplary achievements in different fields

Chairman's Merit-Based Scholarship

This scholarship recognizes and provides financial aid to students with outstanding academic achievements and accomplishments. Our merit-based scholarships are also sensitive to financial need and offer up to a 50% reduction in tuition fees, as determined by the selection committee

Eligibility:

Outstanding academic performance and candidate's performance in the iMET and personal interview

ISBF Need-Based Scholarship

ISBF Scholarship Fund is dedicated to empowering students facing financial barriers to higher education. This type of scholarship will require you to submit income proofs and any other documentation as deemed necessary by the selection panel. This will offer up to a 30% reduction in tuition fees, as determined by the selection committee

Eligibility:

Students with low income but a high drive for growth

Jagannath Scholarship for Outstanding Extracurriculars

This scholarship is committed to supporting exceptional students from economically disadvantaged, marginalized, or underserved communities

Eligibility:

Applicants must provide a brief description of their leadership roles and the measurable results achieved. They should also include any relevant certificates or awards they have received

Devansh Jain Diversity Scholarship

This scholarship is committed to supporting exceptional students from economically disadvantaged, marginalized, or underserved communities. This will offer up to a 25% reduction in tuition fees, as determined by the selection committee

Eligibility:

Applicants should be from low-income communities in India or neighbouring countries, such as Bhutan, Bangladesh, and Nepal

Ashish Agarwal India-Bound Scholarship

This scholarship targets Indian-origin students living abroad (i.e., PIO cardholders) who aim to connect with India's corporate and professional environment. It supports those who wish to return to India for a top-notch education that could significantly advance their careers. This will offer upto a 15% reduction in tuition fees, as determined by the selection committee

Scholarships

Eligibility:

PIO cardholders and Indian citizens studying abroad

Rikant Pitti Scholarship for Economics/Finance Leaders

This scholarship is awarded to students who have shown a strong interest and achievement in economics or finance, whether through participation in related events or school clubs and who aim to enhance their career opportunities in these fields. This will offer up to a 15% reduction in tuition fees, as determined by the selection committee

Eligibility:

Candidates must provide a brief overview of their achievements in economics or finance at a national or international level and be ready to provide further proof during the interview process

ISBF Scholarship for Women

This scholarship supports talented female students with a strong academic background and the ambition to become industry leaders. This will offer up to a 15% reduction in tuition fees, as determined by the selection committee

Eligibility:

Female candidates with notable achievements in various fields

Career Prospects at ISBF

▶ Summer Internships

ISBF promotes summer internships for undergraduates to help students get industry exposure & real-world experience.

Top Recruiters:

▶ Transition to Entrepreneurship

ISBF has a strong foundation in Business, Management & Economics, encouraging many students to become entrepreneurs.

- **OYO Rooms**

Ritesh Agarwal left the Business and Management programme at ISBF mid-way to become the **Founder and CEO of OYO rooms**.

- **Emacity**

Founded by 5 like-minded students from different undergraduate programmes at ISBF, **Emacity** is becoming a sensation among the youth looking for sustainable fashion.
